Sell Burpee's Seeds

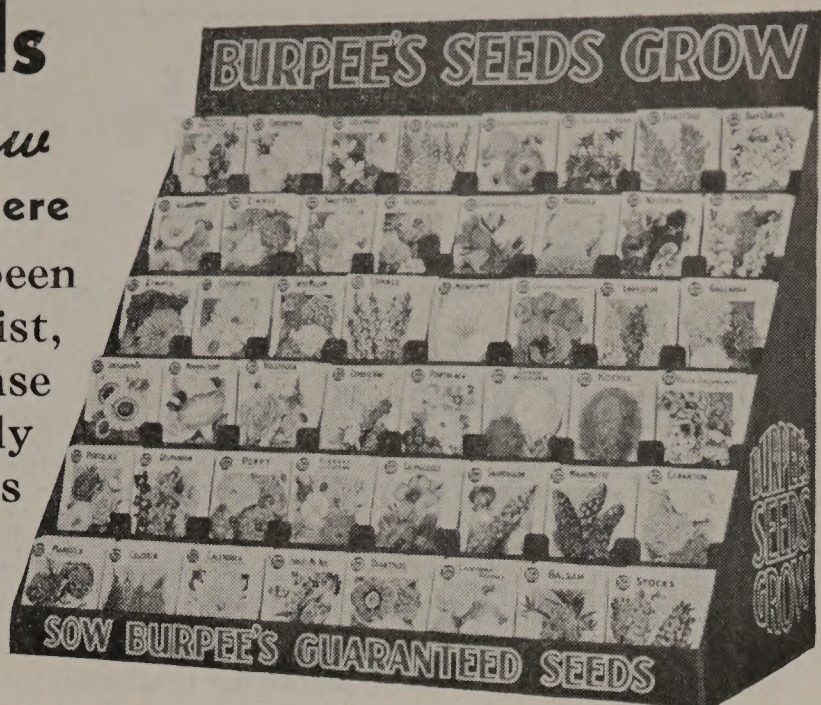

The Best Seeds That Grow

They Are Known and Sown Everywhere

For over 64 years Burpee's seeds have been used by the most critical retail, florist, and market gardener trades. No expense has been spared by Burpee in carefully growing and testing the best varieties of flower and vegetable seed.

Our National Advertising has made the name Burpee the best-known name for quality seeds in America. Burpee advertising will help you sell Burpee's seeds.

As in the past, we will continue to supply our dealers with attractively printed colored posters and streamers. Take advantage of this opportunity to increase your profits and handle Burpee's seeds in your store.

Burpee's Seeds in Colored Packets

These colored packets can be attractively displayed in our new pressboard display rack, pictured above. This rack measures 20" high, 27 $\frac{3}{4}$ " wide, and 12 $\frac{3}{4}$ " deep. It is attractively printed in green, red, and gold. We will send it to you free with your original order for 500 packets. You remit only for the packets sold and return to us the unsold packets on or before August 1, 1941. For a complete list of Burpee's Flowers and Vegetables available in colored retail packets for resale, see pages 4 and 5.

This Book, Known as Burpee's Red List

is for the exclusive use of Seedsmen and Dealers who sell seeds and are therefore entitled to these Special Wholesale Prices. As a seedsman or dealer, you know the importance of good seeds; you cannot take chances on the quality of the seed from which you expect to make your profits. Sell Burpee's Tested Seeds—the Best Seeds That Grow.

Order Early Please

The war has caused Seed Houses throughout the world that normally obtained their requirements from Europe, to call upon this country for their supplies of seed. This, coupled with partial crop failures in Carrots, Onions, Peas, etc., has caused a seed shortage that is very serious. Won't you help us serve you by sending in your order as quickly as possible?

Quick Service

The Burpee Buildings are especially equipped to properly and quickly fill your orders, most of which are shipped the same day they are received. If you have not depended upon Burpee for your annual supply of seeds, do so this year; a trial order will be appreciated. It is our purpose to give you quick service and the Best Seeds at the lowest possible cost so that you will be sure to make money handling Burpee's seeds.

Prices Subject to Change Without Notice

All prices in this wholesale catalog are subject to change without notice and all goods are offered f.o.b. Philadelphia, Pa., and subject to prior sale. We advise that you order your requirements early. You cannot sell seeds if you do not have them on hand when your customer wants them.

Special Advertising Offer

In our retail advertisements, we are making a Special Offer of 4 Pkts. of Giant Dahlia-Flowered Zinnias—4 Best Colors—1 each of Scarlet, Yellow, Lavender and Rose, all 4 pkts. for only 10¢. Many dealers have found this Special Collection a good business-getter. We would be glad to furnish you with such collections (in Kraft Bags) at the same discount as allowed dealers on our other Flower Seed Collections. (See page 6.)

If goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced. We make no charges for packing or cartage, but Bags and Cases will be charged at current cost and are not returnable. If in doubt as to the best and most economical method of shipment, we suggest that you leave this to our judgment.

Marine insurance will be effected on foreign shipments only when so directed.

Spring Flowering Sweet Peas

Come into bloom, outdoors, between the Early and Giant Spencer classes. Plants are quite vigorous and what the flowers lack in size is made up by the heavy crop of blooms produced. Vines seem more heat resistant than other Sweet Peas. Under glass they are unusually free flowering and prolong the spring cutting season.

We offer three colors, each of which received an award in the All-America Selections for 1940:

3470 Blue Clear marine blue; free bloomer.

3479 Lavender Lovely soft shade of lavender.

Burpee's Early Flowering Sweet Peas

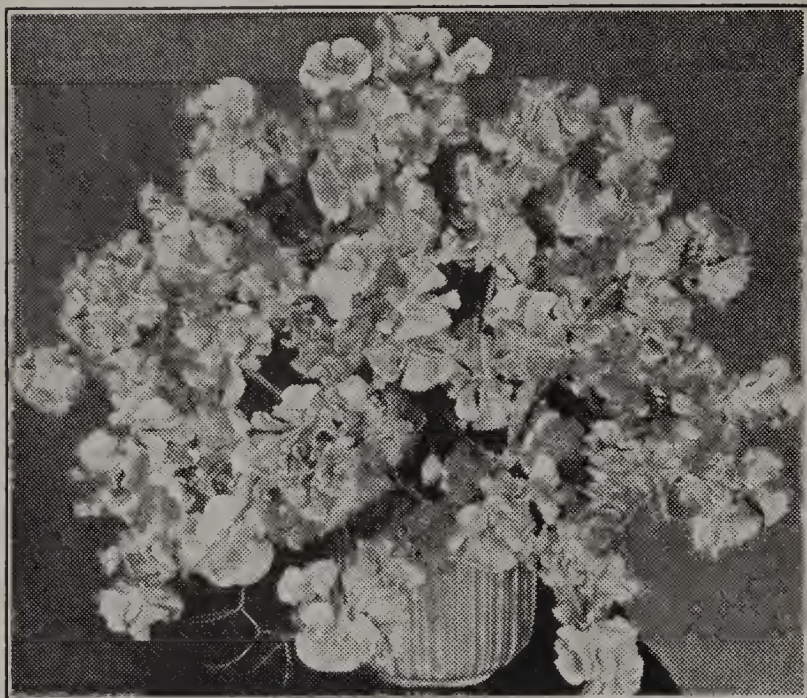

Varieties are arranged in each color class from deep to light shades

Burpee's Early Flowering Sweet Peas come into bloom 3 to 4 weeks earlier than the Summer Flowering varieties offered on pages 31 to 35. They are especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North, and also valuable for winter flowering under glass. They are being planted more and more every year.

If you live where the late Sweet Peas have not done well, have your customers try the Early Flowering. They will bloom before the summer heat arrives. Sweet Peas do best in cool weather. If seed was not sown in the fall, it should be sown as early in the spring as the ground can be prepared in an open, sunny location, and deep rich soil which must be well drained.

Burpee's Sweet Peas are famous the world over as the "Best That Grow." The flowers are extra large, of perfect form and texture, well placed on long, strong stems, and usually produced in sprays of four.

Burpee's Famous Seed Farms and Experimental Grounds

Floradale Farms

Floradale Farms comprise hundreds of acres in the fertile Lompoc Valley, California—50 miles north of Santa Barbara. Seeds grown here have exceptional vigor, high vitality, and hardiness which assure sturdy growth and successful blooming wherever grown. Mild winters and long, cool summers are especially favorable for growing flower seeds. Plants have a long growing season and mature their seed during the dry, cool summer and fall.

Experimental work as well as seed growing is continually going on at Floradale. We are proud of the many new and valuable varieties we have originated on Floradale Farms; particularly notable are the Double Nasturtiums, Giant Ruffled Sweet Peas, Marigolds with Odorless Foliage, fertile hybrid Marigolds, new colors and shapes in Petunias, New Giant Chrysanthemum-like David Burpee Zinnias, and many more lovely flowers.

Fordhook Farms

At Fordhook Farms, many special strains of vegetables and flowers are produced. Here also are the largest and most complete Trial or Proving grounds in the world. Every variety of seed that we sell is tested for purity and vitality. In addition, we try out hundreds of varieties from foreign countries, making careful comparisons, and by hybridization and selection we are constantly improving the Quality of existing varieties and creating new ones. All this is done so that only the Best varieties and the Best Seeds that Grow can be offered to Burpee customers wherever they may be.

"Fordhook" long ago became a well-known and well-loved name among gardeners everywhere, for many of the famous Burpee introductions are named for the great Fordhook Farms—the original Burpee Seed Farms—located at Doylestown, near Philadelphia.

Hundreds of acres of flowers are grown for seed each year on Burpee's Floradale Farms. Picture above shows Marigolds, Asters and Zinnias
